

# ACTIVO™

## ACTIVATOR ADJUVANT WITH TURF PIGMENT

IMPROVE DOLLAR SPOT CONTROL WITH ACTIVO™

**30%**

reduction of Dollar Spot intensity after 1 month of applications with ACTIVO

**76%**

reduction of Dollar Spot intensity after 2 months of applications with ACTIVO

Trials conducted at Michigan State University compared disease control of Dollar Spot with Daconil Ultrex and Insignia. Fungicides were applied at 14 day intervals at the lowest labeled use rates. Activo was applied at 1.4 fluid ounces per 1000 square feet.
