

# CLUB MACHINE

An easy-to-use spray line marking machine, offering customers both versatility and affordable quality.

-  The Eco Club is a battery-powered spray line marking machine that applies paint via a pump through a sprayhead and nozzle.
-  Easily adjustable line width for 50, 75, 100, 120 or 150mm wide lines.
-  Supplied with a 12.5 litre paint drum.
-  Adjustable handlebar height to suit the individual user
-  Battery allows marking of up to 6 full-size football pitches, with external socket for recharging
-  This machine can be upgraded with drop-in tanks & higher power batteries
-  3-stage filtration process to eliminate nozzle blockages
-  Pneumatic 4-ply wheels.
-  Bigger components box - easy access to electrical parts

## Paint & Machine Combinations:
